

CELL PHONES

SECTOR OF PAKISTAN

Trade Development Authority of Pakistan

TDAP INTRODUCTION

Trade Development Authority of Pakistan is the premier trade promotion organization mandated to develop and promote products and services of the country in international markets.

TDAP implements policies and directives of Federal Government and its Board of Directors for enhancing, promoting and facilitating trade.

TDAP supports and facilitates businesses through latest information and capacity building initiatives to enhance and improve their leverage in international trade.

To achieve its objectives, TDAP organizes as well as participates in local & international trade fairs, country specific exhibitions, trade delegations, conducts seminars and organizes contacts and information exchange events both physically as well on digital platforms.

This publication is part of the efforts of TDAP to share details and showcase Pakistan's products and services in international markets.

PRODUCT PROFILE

The invention and commercialization of cellular technologies is one of the defining aspects of the digital revolution. According to PTA, there are 193 million cellular subscribers in Pakistan in April 2022, out of total population of around 210 million. Furthermore, there are 113 million 3G/4G subscribers in Pakistan, which also represents almost half of population. Pakistan has had been importing a significant amount of cellular devices. However, In light of the policy Mobile Device Manufacturing (MDM) regulations on January 28, 2021, around 30 companies have been issued MDM authorization enabling them to manufacture mobile devices in Pakistan.

The companies include renowned brands such as Samsung, Nokia, Oppo, TECNO, Infinix, Vgotel and Q-mobile.

The locally manufactured/assembled mobile phones in 2021 were 24.66 million as compared to 13.05 million in 2020, indicating an 88 percent increase. Also, official data from the PTA showed that the commercial imports of mobile phones handsets were 10.26 million in 2021 as compared to 24.51 million in 2020. For the first time in Pakistan's history, a consignment of smartphones was exported to United Arab Emirates with 'Manufactured in Pakistan' tag in August 2021.

HS CODES OF CELL PHONES

HS CODE	PRODUCT
851712	Telephones for cellular networks ""mobile telephones"" or for other wireless networks
8517.1211	In CKD/SKD condition
